- Various

I honor my teachers, my mentors and my ancestors.

I do not know anything, I am only chosen by you.

May the Himalayan dwellers, foot hills residents and low plain players be on my side.

May the hunting spirits and the land keepers protect me.....

May the living beings attune with me, may the rhythm of my cymbals reach every quarters, may my paraphernalia be alive, may my body be protected as I am embarking onto a deep

journey!
